Disney presents a heartwarming comedy-adventure set in the modern mammal metropolis of Zootopia. With habitat neighborhoods like ritzy Sahara Square and frigid Tundratown, it's a melting pot where animals from every environment live together—a place where no matter what you are, from the biggest elephant to the smallest shrew, you can be anything. But when optimistic Officer Judy Hopps arrives, she discovers that being the first bunny on a police force of big, tough... [MORE](#)

The image shows a screenshot of the iTunes store interface. At the top, there is a large promotional banner for the movie "The 5th Wave". The banner features a woman holding a child in a post-apocalyptic setting with debris. The title "THE 5TH WAVE" is prominently displayed in large, glowing letters. Below the banner, the price "\$9.99 in HD – Limited Time" is shown. To the left of the banner, a blue button labeled "iTunes Extras" is visible. Below the banner, the section "Top Movies" is displayed, featuring six movie posters: "London Has Fallen", "10 Cloverfield Lane", "Burnt", "Deadpool", "How to Be Single", and "13 Hours: The Secret Soldiers of Benghazi". At the bottom, the section "New & Noteworthy" is shown, displaying small preview images for "PRESENTING PRINCESS", "SALLY FIELD", "EDDIE THE EAGLE", "KUNG FU PANDA", and "AWAY DAYS". A teal "NEW" badge is located in the top right corner of the screen.

# Light / Dark

NEW

The screenshot shows the iTunes store interface with two main visual styles side-by-side:

- Light Mode (Left):** The background is white. The main movie poster for "The 5th Wave" features a woman holding a child against a dark, apocalyptic cityscape. A blue button labeled "iTunes Extras" is visible in the top left corner. A price tag "\$9.99 in HD – Limited Time" is at the bottom. Below the main poster, there's a "Top Movies" section with thumbnails for "LONDON HAS FALLEN", "10 CLOVERFIELD LANE", "BURNT", "DEADPOOL", "HOW TO BE SINGLE", "13 HOURS", and "THE SECRET SOLDIERS OF BENGHAZI".
- Dark Mode (Right):** The background is dark gray. The same movie poster for "The 5th Wave" is displayed, though it appears slightly darker due to the theme. The "iTunes Extras" button and price tag are also present in this mode.

At the bottom of the screen, there's a "New & Noteworthy" section featuring movie trailers for "PRESENTING PRINCESS", "SALLY FIELD", "EDDIE THE EAGLE", "KUNG FU PANDA", and "AWAY DAYS".
